## FUND OF \$200,000 RAISED FOR NATIONAL CAMPAIGN OF SENATOR HIRAM JOHNSON

### \$300,000 SPENT FOR HOOVER IN CALIFORNIA

WASHINGTON, D. C., May 29.—Approximately \$200,000 has been raised for the national campaign of Senator Johnson of California, for the Republican presidential nomination, Alexander McCall, of California, state insurance commissioner, treasurer of the Johnson California organization, testified today before the senate investigation pre-convention campaign financing.

Replying to questions of Senator George, Republican, Missouri, Mr. McCall said this total did not include the sums raised over the country. He declared that all other sums would not aggregate more than a few thousand dollars.

Between \$100,000 and \$125,000 was raised by the California campaign organization in behalf of Senator Johnson, Mr. McCall said.

Mr. McCall said he did not have the funds with him, but offered to send them. His estimate was based on the fact that the last time he looked at the books.

Mr. McCall declared that Hoover supporters in California spent "eight or nine times as much as we, at the best estimate \$300,000."

The money was gathered in a "wide solicitation," Mr. McCall continued.

Asked as to contributions by state officers, he said, "Charles E. Miller, a union commissioner, gave \$1,000."

Willie West, state educational officer, contributed active support to Mr. Hoover," the witness declared.

Records of the state university, also were divided in allegiance, Mr. McCall said, but one or two gave possibly \$250 to the Johnson campaign.

### SO KEEP AWAY FROM THE BEARS

NEW YORK, May 29.—A captive park bear has the legal right to claw any one who comes within his range, under a ruling of the appellate division of the New York supreme court. The court denied Blanche Guzzi, 13, damages sought in a suit against the New York Zoological Society which controls the Bronx Zoo. It held she took her chances in pursuing a rolling ball too close to the cage and that the resultant clawing could not be held against the zoo management.

### Will Confer With Bolshevik Minister

LONDON, May 29.—Statements regarding the scope of negotiations between British officials and Gregory Krassin, Russian Bolshevik minister for trade and commerce continue contradictory, some insisting they involve general recognition of the soviet government, while others emphatically assert they relate merely to the question of trade. In any case, it seems certain that negotiations will not begin until the middle of next week.

It is believed generally Premier Lloyd George will meet Mr. Krassin, but it is stated that if he does, so the interview will be wholly personal and not of a political character. It is recalled here that Great Britain is not acting alone in these negotiations, which concern the supreme allied council as a whole.

### Brazilians Stage Battle Before Their Election

RIO DE JANEIRO, Brazil, May 28.—Federal intervention in the state of Espirito Santo, where an armed conflict is going on between two political factions involved in a dispute over the election of a government, is impending, according to a message sent to the Brazilian congress today by President Pessoa.

### No Issue Of The Times Monday

In accord with the policy of newspapers all over the country, to save paper, and in compliance with the direct request of the American Newspaper Publishers' Association, no issue of The Times will be printed next Monday, which will be generally observed as a holiday. The newspaper situation is so acute in this country that it is feared a large percent of the smaller papers will be forced to suspend this fall unless there is a material reduction in the use of print paper. Newspapers generally have agreed to curtail the size of issues, and most afternoon papers will not print on holidays.

### Senate Committee Investigating High Cost of Running for President

The committee conducting the senate hearings on campaign expenditures. From left to right: Senators James A. Reed of Missouri, Selden P. Spencer of Arkansas, William S. Kenyon of Iowa (chairman), Allen Pomeroy of Ohio and Walter E. Edge of New Jersey.

The high cost of running for the presidency is but another angle of the orgy of spending which warrants congressional investigation. A senate committee investigating the pre-convention campaign expenditures of presidential aspirants has discovered that huge sums have been raised and spent. Governor Landon, it de-

### Battle Raging Along A 220 Mile Front

WARSAW, May 29.—Russian Bolshevik reinforcements are being brought up everywhere in the offensive against the Poles, which is increasing in violence along the northern sectors of the front, says an official statement issued at headquarters here today. Fierce combats are raging from the Delta river on the north to the Pelpet river on the south, a distance of approximately 220 miles, and the soviet armies are launching new attacks.

Prisoners captured by the Poles west of the Berezina river, the statement says, include 400 Cossacks cut off from the rest of the Bolshevik army in the drive toward Minsk.

LONDON, May 29.—Furious fighting is in progress on the left bank of the Dnieper river, where the Bolsheviks are attempting to dislodge the Poles from their fortified positions, according to an official statement by the soviet government at Moscow Friday.

The Poles are offering stubborn resistance, the statement says, first one mile and then the other holding the first line positions.

"In the Tarasheba region, sixty miles south of Kiev, our troops, opposing the enemy's resistance, captured Tarasheba with a number of villages some 27 miles distance from Tarasheba," the statement adds.

### Contests Will Be Decided Next Week

CHICAGO, May 29.—Decisions in four of the contests among delegations to the Republican national convention probably will settle all of the disputes, which involve 122 contests members of the national committee said today. Precedents in four major rulings will govern the points raised in the other cases it was said.

Clarence B. Miller, secretary of the Republican national committee, arrived yesterday with the briefs filed in Washington in the 122 contests. The national committee will begin consideration of them next Monday morning in four days, it is estimated, will finish all of them.

Aside from the contests in the tenth Minnesota (Minneapolis) and the fourth and fifth Missouri districts, the contests are from southern states with close fights indicated in Georgia and Mississippi district disputes.

### Predicts Thrones In Europe Will Return

BUDAPEST, May 29.—Startling prophecies relating to world peace, political changes impending in Europe and the fate of prominent figures in the great war are made by Hungary's national seer, Madame Sybilline Hellagh.

"Thrones will be re-established all over Europe, including France, Germany, Austria, Poland and Hungary within a year," she says.

"The Hohenzollerns will return to Germany, but the former emperor will go insane and the crown prince will be murdered. There will be sanguinary upheavals in France preliminary to the constitution of a kingdom. Bolshevism will end in 1921 in Russia. Mexico will be the starting point of the next war. High prices will shake and European exchange will be quoted at par in two years. There will be the greatest exodus of Jews from Russia and Central Europe in history, but they will not go to Palestine. They will, rather, emigrate to Argentina and Mexico."

### Audience Applauds While Python Crushes Trainer To Death

GENEVA, May 21.—Applause from a large audience, resounded in the little theatre at Serbruck, near here Thursday, while a gigantic python slowly crushed its trainer to death. The trainer, a Hungarian girl whose name was Gino, realized her peril and shrieked for help as the coils of the serpent closed about her. But the audience believed her cries were part of her entertainment and cheered loudly.

Fraulent Gino's manager, rushed on the stage and shot the snake, but not until the young woman was beyond help. It was not until after the performance was over that the people were apprised of the fact they had witnessed a gruesome tragedy.

PARIS, May 29.—Troops of Gabriele D'Annunzio which were reported here as having occupied the village of Cavallana and threatening to seize Susak in the Fiume region are continuing to advance from Fiume, according to information received by the foreign office from Belgrade this morning. ### Power House Employees Strike

NEW YORK, May 29.—Service on the lines of the New York Rapid Transit Company was declared by company officials to be normal today despite the strike of power house employees called late yesterday.

Although the strikers are declared by the company to number not more than one percent of the company's 12,500 employees, leaders of the strike professed entire confidence in their ability to tie the lines up tight before the end of today.

R. R. T. trainmen and other employees have declined to strike in sympathy with the power house men.

The line of march and formation of various units were fixed this morning and announced by Grand Marshal Howard Harsha.

**Grand Marshal**  
Howard Harsha, prominent in the organization of Co. K during the World War and who was an officer in the war overseas, has been selected as Grand Marshal of the parade. Rev. D. G. The naming of the Grand Marshal and his aids and preparing the line of march formed matters of importance discussed Friday night at the final meeting of the Memorial Day Committee. The G. A. The parade is to form on Gallia street east of the high school. The aids will see to it that each organization gets its right place in the formation.

The parade this year is expected to embody several new features including the American Legion members, Red Cross nurses and Canteen Workers.

The Girl Scouts and Boy Scouts are also to march in uniform.

The River City Band has donated its services for the parade.

The speaking by the Rev. Boyd will be from the office or rear room veranda near the Officers street entrance. This part of the Memorial Exercises will follow the disbanding of the parade in the cemetery.

A committee composed of George S. Carroll, John New, Virgil Smith, J. L. Hall and several Boy Scouts spent a greater part of Friday afternoon marking the graves of departed soldiers by placing flags on the graves.

## PRESIDENT WILSON ENDORSES VIRGINIA'S DEMOCRATIC PLATFORM

WASHINGTON, May 29.—President Wilson's endorsement of the Virginia Democratic platform, advocating "prompt ratification of the treaty without reservations which would impair its essential integrity," was looked upon generally today as forecasting his attitude as regards the national platform to be adopted at San Francisco.

In a letter to Senator Glass of Virginia, the president wrote that the sentiments expressed in the Virginia platform are in "full accord with my own views, especially the statements which set forth the attitude of the party on the league of nations and the pressing problems of peace, finance and reconstruction."

Such problems the letter continued, "are the clean cut, unequivocal, principles of patriotic men who know how to serve their country and mankind."

**Last Words of Ruler.**  
The ancient last words of rulers, and among the reputed three of Roman emperors there have been handed down Nero's cry: "What an artist the world is losing!" Julian's cry of surrender, "I have conquered, O Galilee!" and Vespasian's ironic, "I feel myself becoming a god."

Walter Broadbeck, Troop 3, pitched for the winners, and Ralph Monk both knocked home runs and Ollie Green poked one over the wall for two runs. Every scout on Troop 3 scored at least two runs.

Going to the fact that Troops 2 and 17 were only 5 feet 2 inches in the field, the highest limit for the Bantam League has been raised to 5 feet 6 inches. Any scout who has played in the Bantam League is eligible for the Bantam. The score: Troop 3 ..... 37 15 10 5-37 and Ralph Monk both knocked home runs and Ollie Green poked one over the wall for two runs. Every scout on Troop 3 scored at least two runs.

## Modern Woodmen To Observe Memorial Day In June

The camp has adopted the slogan, "Remember As You Would Be Remembered" and it is planned to reach the heart of every Woodman. Every member will be appealed to in an effort to have the complete strength of the camp in line. Old or infirm Woodmen will be taken to the cemetery in automobiles and a call has been sent out for the members of the camp, together with patriotically inclined citizens to donate the services of their autos for this purpose. ## BRITISH MANDATE OVER PALESTINE TURNS JEWISH DREAM INTO REALITY

Judge Julian W. Mack (above) and Judge Louis D. Brandeis. Dotted line on map indicates old boundaries of Palestine; solid line the new.

When the Turkish delegates to the peace conference affix their signatures to the treaty of peace the dream of the Jew will have been realized. The Israel that crumbled under the tyrannical heel of Titus in 70 A. D. will be reborn in its native religious glory. But on the American political line—that is, the Jews of the U. S. have any thing to say for the treaty gives Great Britain a mandate over Palestine, and England has pledged herself to make the Holy Land the homeland of the Jew. Two great American leaders in the Jewish movement are Judge Louis D. Brandeis of the U. S. Supreme court, and Judge Julian W. Mack of the U. S. commerce court.

### Goal May Be Reached Today

Today is the day that the committee in charge of the Salvation Army drive hopes to complete its drive for \$20,000 with which to provide the local branch of the Salvation Army with a home.

The drive, which began Thursday, is being pushed by the committee of canvassers with the end in view of raising the necessary money before the bell tolls tonight.

Chairman Henry Winter says that the drive will not be closed until the money is raised, but that he is hopeful that it will not be necessary to extend the time from the fixed time of closing.

Responses to the appeal made for the Salvation Army have been liberal. When it is remembered what the Salvation Army did during the recent war and what they are doing daily in nearly every city and town in the United States, and what they are doing in Portsmouth toward the appeal for subscriptions toward the home building, it is seldom turned down.

The Salvation Army has endeavored itself to the hearts of the people, and their response will no doubt be generous.

Mr. Winter stated Saturday that the drive had probably passed the 50 per cent mark, but that it will be necessary to continue it next week.

SCENE FROM MACK SENNETT'S Five Reel Comedy Sensation DOWN ON THE FARM

"Down on the Farm," Will Make the Whole Town Laugh  
Mack Sennett's latest five-part comedy sensation, "Down on the Farm," released by United Artists (the "Big Four") will be the big feature at the Lyric Theatre for four days beginning Wednesday next.

"Down on the Farm" represents Mack Sennett's genius as "comedy king" at its height. Through five reels he carries the laughter through after-lunch scenes of comedy, tragedy, hilarious satire, serious drama and thrilling episodes, never permitting the action to languish an instant, but keeping it up at a speed typically "Sennett."

The story relates the adventures in romance and finance of a rising "corn-fed beauty," namely, Louise Fazenda. Her romance of her life is filled by the "lured help" whose list are as big as his heart. Finance is brought to the plot by the village banker—a kind of a cross between Shylock and Don Juan or a mixture of the two.

Sennett comedy experts to be seen in this pretentious spectacle and masterpiece of humor are Louise Fazenda, Marie Prevost, Ben Turpin, James Finlayson, Billy Armstrong, John Berry, (not to be overlooked), Toddy, Mr. Sennett's Grand Dane, and Pepper, the latter's tubercular enemy and expert in the art of croak. The entire Sennett menagerie of feathered and four-footed folk is also graphically involved in its plot of "Down on the Farm."

Composition of Mica  
Mica, so named from its being easily divided into glistening scales, consists of silica and alumina, associated with magnesia, soda and lime in varying proportions. Thus there are potash mica, consisting of silica, alumina and potash, and magnesia mica, in which the alumina is partially replaced by magnesia, passing into soft talc, which is chiefly composed of silica and magnesia.

One's Highest Thoughts  
The highest thoughts are those which are least dependent on language, and the dignity of any composition and pride to which it is entitled are in exact proportion to its dependency on language for expression.—Ruskin.

The Eastland Theatre Presents For The First Time in America, The Star Beautiful, Anna Bos, in a Full Blooded, Vigorous Drama, "Carmen of the North" as its Attraction Tonight.

Tonight, the Eastland theatre will present for the first time in America the world's most beautiful actress, Anna Bos, in the season's dramatic masterpiece, "Carmen of the North," a romance of natural power.

Mrs. Bos, aside from her personal charms, is considered one of the most accomplished actresses of the stage and screen, and she is offered to be dramatic critic as "The Nazimova of Europe."

As "Carmen" in the new wonder play "Carmen of the North" Mrs. Bos gives to the screen the greatest portrayal of her career, at all times various, fascinating and bewitching.

"Carmen of the North" is a story of romance and adventure, full of blooded vigor and as thrilling as any drama ever written. The action is swift, the situations tense and the heart interest enthralling.

Added attraction tonight offers Elmo Lincoln in the 11th chapter of the thrilling adventure play "The Fearless."

"My son had ringworm on his face and wrist. They started on the side of his face about the size of a dime and would get larger, and kept spreading. The skin was raw and red and would not heal."

"I tried different things which did not help. Then I tried Cuticura Soap and Ointment. When I had used two cakes of Cuticura Soap and one box of Cuticura Ointment, he was healed." Mrs. S. P. Hamilton, Box 196, Floodwood, Minn.

## Fire Destroys Sedan

A new Ford sedan automobile belonging to Mrs. Catherine Vollmer, 1734 Seventh street, was almost totally destroyed by fire at six o'clock Friday evening. Mrs. Vollmer, her daughter, Miss Anna Vollmer and her grandson, Paul Kirsch, who was in the wheel, were returning from a drive and as they neared their home a shout from a pedestrian warned them that the machine was on fire and the trio quickly left the vehicle which was a mass of flames in a few moments.

An alarm was turned in and the Gallia street company responded but the car was practically destroyed before the blaze was extinguished.

An investigation disclosed that the fire was caused by gasoline escaping from a pipe attached to the tank becoming displaced and the fluid ignited from the exhaust.

The loss is fully covered by insurance.

With fully 3,000 people looking on and yelling like mad at interesting intervals, with blarney sounding, and fog-horns to steg, the N. & W. team, ably directed by Manager Timmes, mopped up on the Whitaker-Glesner club at the Serenivault street yards, last evening by the count of 4 to 2, and by winning shared their usual forms to the top rung of the ladder in the Industrial League race.

The battle was of the most desperate character, both teams fighting like fury from the tap of the bell until the final out was registered. The Hallreaders won because of their terrific clubbing, finding the delivery of Eddie Donalds made to their order. They hit the former Texas Leaguer viciously—harder than the popular fellow would be shugged in much higher company. On the other hand, Mt. Waits, the under-handed dinger for the Hallreaders had

It's hats off to the Diamond champions of the Masonic Bowling League for 1920-21.

They won that title in bellow fashion at the Play House alley, tonight, before a densely populated swarming of fans, by easily defeating George Patton's Serfles, winners of the second half. There was no question as to the strongest team with the series was decided. The Diamonds took every game and won the match by a total of 220 pins. Captain Egan of the Diamonds, had made a prediction that the team would win by a score less than a margin of 100 pins and that he knew what he was talking about is conclusively demonstrated by the result. There was never a flinching of the Serfles had a chance. O

pinches. Frank J. Baker was a few out. He got away to a poor start but made up for it thereafter. He finished with an average of 161, which is amazingly good for him. Mickey was third and Uplander fourth. Captain Lynon was very good, getting a total of 162. There was when H. A. E. was displaced with less than an average of 160, but now he is slated to death if he can shoot 150—and delirious. A grand expression when he goes over that mark—here his wife, expensive smile. "Pek" Hack shot 140, fair, but not brilliant. William Hazlebeck was good for 140, beating Otto. Maister by five pins. Donald Bess brought up the rear with a total of 384, but this compared very favorably with Captain Turner's 398.

GENEVA, May 21.—Applause from a large audience resounded in the little theatre at Serburk, near here Thursday, while a gigantic python slowly crushed its trainer to death. The trainer, a Hun-

Consideration today followed three months devoted to committee hearings, filibusters and committee conferences between leaders. Chairman Campbell of the rules committee had announced in advance that he would offer a rule which would actually be considered today.

## NORMAN AND CURLEY ADMIT GUILT; FIND \$50 AND COSTS

Mr. Martin's talk was greatly enjoyed by all present and he was tendered a vote of thanks when concluded.

**Two New Rules Are Adopted.**

Two new rules offered by Member Osborn, which were adopted, are expected to facilitate the work of the council in the future, especially in regard to handling petitions asking for improvements and the other relating to the presenting of claims against the city. The first rule provides that every petition for an improvement must be prepared in writing, filed with the city auditor and endorsed by the collector, before presentation to council and the other provides that claims against the city shall be made in writing, stating facts upon which the claim is based and passed upon by the collector, as to whether the facts stated constitute a prima facie case for recovery, before presented to council.

Council failed to take up the salary question.

When the case of E. E. Norman, Ashland, auto salesman, and William Curley, Cincinnati hotel clerk, charged with transporting and having in possession whiskey in violation of the Volstead Act, was called for trial in the United States district court at Cincinnati Friday, the defendants changed their pleas from not guilty to guilty and Judge John W. Peck fined them \$50 each.

The prosecution grew out of the Stierens whiskey theft of January 16, following which the two men were arrested at New Boston with 35 gallons of liquor in an automobile in their possession. They were subsequently convicted in the local common pleas court on a charge of larceny in connection with the theft of the whiskey and Judge Thomas sentenced them to the penitentiary. The two men are out on bond pending the prosecution of error to the court of appeals.

Sheriff E. E. Hickey and other law persons who were summoned to testify in the case returned from the Quaker City last night.

E. Stailer, principal of the local high school Saturday confirmed the report that he had accepted the position as superintendent of the Athens, Ga., public schools.

According to the Athens Daily Messenger, the Board of Education of that city concurred unanimously in the appointment of Mr. Stailer to head their school system. His new position will pay \$3,000, salary, an increase of nearly \$1,000 over the salary paid him as principal in the local high school.

He was selected from a list of 20 other applicants. Mr. Stailer will remain in Portsmouth, it was stated Saturday until some time in July, when he will move his family to Athens.

Mr. Stailer stated that he accepted the position as superintendent of Athens not only for the handsome increase in salary, but that he appreciates the educational opportunity offered him.

The local board of education have not taken any steps to fill the vacancy.

**Closed Till  
Tuesday Morn**

The public schools closed Friday afternoon and will not resume until Tuesday morning. The schools close on Friday, June 11, for the annual summer vacation.

**1**—Bolsheviks are making gains in the vicinity of Minsk.  
**2**—Poles suffer more losses here.  
**3**—Bolsheviks are striking at Dvinsk, which controls the main rail line to East Prussia.  
**4**—When the Poles captured Kiev they found it a mere mass of the main forces of the Russian army, being concentrated at Vitebsk.  
**5**—The Reds are moving their drive here, in order to prevent the Poles from sending aid quickly from the Kiev to the Minsk front.  
**6**—Although quiet now prevails in this sector, it is reported the Russians are sending up reinforcements for a fresh test of strength.

State Examiner Frank H. Thomas in his recent report on the audit of the affairs of Portsmouth, found that Henry Clark, ex-chief of police, should pay back to the city the sum of \$307.88, which he claims was illegally collected as costs in state criminal cases. The examiner urges that this sum be "collected by the proper authorities."

In explanation of this finding the examiner in his report, says under the heading "Costs in State Cases", "there is no itemization and absolutely no record available that shows the composition of these costs. As a matter of fact, they are not composed of items as are allowable by law as evidenced by the fact that they are in uniform totals for practically all classes of state cases, thus indicating that arbitrary flat rate costs were assessed by the mayor."

"Such costs were \$3.80 in each case, divided, mayor, \$2.00 and chief of police, \$1.80 up to the close of January, 1919, or when the mayor was informed by the examiners that no costs could be taxed for the chief, as stated by Clerk Johnson. Subsequently the mayor taxed costs for himself of \$2.00 per case, or .60 more than he received under the old system when costs were assessed for the chief."

"It would thus seem that the mayor determined that if persons tried in his court could and did willingly pay \$3.80 in costs under one system, that they surely would expect to pay more than \$2.00 in costs under the new system, and that he should therefore raise his amount to some extent."

"In any event the mayor's costs immediately jumped from \$2.00 to \$2.60, or 30 percent when the taxing of costs for the chief of police was discontinued."

"This arbitrary increase in mayor's costs is unquestionable proof that at no time has the mayor taxed costs in state criminal cases as per the items fixed by law. As no amendments to the fee laws became effective at January 31, 1919, carrying increases to the aggregate costs of mayors in state cases of 20 percent."

**Says Ex Mayor Kaps**  
**"Laid Himself Liable"**

"The matter of costs was fully dis-

ussed in the last preceding report for the benefit of Mayor Kaps and it seems unnecessary to again discuss this action to any great length. Suffice it to say by a continuation of his practice of assessing costs in arbitrary manner, which, in at least some cases, are apparently excessive, laid himself liable to the penalty provided in Section 1291B General Code, which section of law is quoted in the preceding report dated May 3, 1919."

The report then shows a long itemizing of costs for the last year, numbering more than 150 state criminal cases between October 1, 1918 and January 29, 1919, in which costs totalling \$307.88 were collected for the chief by the mayor.

In conclusion, Examiner Thomas says in his report, "As shown by the foregoing statement, costs were taxed in state criminal cases for the chief of police during the period of this audit and there was collected for Henry Clark, chief, the total amount of \$759.68. From said amount we have deducted \$1.80, same being the chief's share of a forfeited bail, due Schooley county, and which is covered by a fine for recovery against H. H. Kaps, mayor, as shown before in this report. Therefore, it must be assumed that Henry Clark received from Mayor Kaps the amount of \$507.88, as chief's costs normally collected during the period."

**Costs Collected In Violation of Decision**

"Said costs having been assessed and collected in violation of the decision of the court of appeals rendered May 8, 1917, with which the mayor was familiar, it becomes necessary under finding against Henry Clark said amount of \$507.88, in favor of the city of Portsmouth, to be held in trust fund known as the "Unclean Money Fund."

As the mayor in other cities of state complied with the decision of court and at once discontinued the illegal practice of assessing costs in criminal cases for the chief of police, thereby depriving the chiefs in such cities of costs, we feel compelled to urge that the above finding for recovery as to the said shown in the report of May 1919, page 76, be collected by the proper authorities."

Dr. S. S. Hablerman stated Saturday that the condition of Richard Coe, the young son of Mr. and Mrs. Maurice Coe, of Glover St., unto accident victim of more than a week ago, was very critical, he taking a change the worse Friday night. He has been unconscious since the regrettable accident.

Relatives or friends of departed soldiers who are buried in Greenlawn are urged to visit the cemetery today or Sunday and see that the grave is marked in some manner so it will be sure to be decorated Monday. A number of the grave markers have been misplaced and it is feared that there are a number of graves of service men which are unmarked. A flag or some other marker will be all right to call the attention of the decoration squads to the grave.
